SPRAYGUN MAGIC™

Gun and Parts Cleaner

▶ **Formulated for rapid-cure coatings**

SPRAYGUN MAGIC is specifically formulated to remove interior and exterior paint build up produced by "rapid-cure" high performance topcoats and primers that are so popular in the refinishing industry today.

▶ **Optimize spraygun performance**

Used as a daily cleaner, **SPRAYGUN MAGIC** keeps gun interiors and hoses free of in-line build up thus reducing application problems like clogging, spitting, or stubborn triggers and also helps reduce orange peel on finishes by maximizing paint flow through your spray system.

- ▶ Fast Working Formula

SPRAYGUN MAGIC™

Gun and Parts Cleaner

Used as a paint remover, *SPRAYGUN MAGIC* helps eliminate service work by keeping gun parts like air caps, fluid nozzles, and needle assemblies in the top working condition that you need to keep your gun to prevent poor spray fan patterns that produce runs, sags, and uneven fan patterns on your finished work. Simply soak your gun and critical working parts and rinse before using and your ready to go!

▶ **Environmentally friendly**

SPRAYGUN MAGIC is water based and safe to work with. It has no odor, is non-flammable, and contains no methylene-chloride or caustic agents. *SPRAYGUN MAGIC* cleans up easily with tap water.

▶ **Save time & money**

SPRAYGUN MAGIC is formulated to work fast for effortless paint removal. This slow evaporating product does not lose its potency and can be used over and over again by simply straining out the unwanted paint residue.
